

# CHINA BETWEEN EMPIRES: THE NORTHERN AND SOUTHERN DYNASTIES

After the collapse of the Han dynasty in the third century A.D., China divided along a north-south line. Mark Lewis traces the changes that both underlay and resulted from this split in a period that saw...

## Reader's Opinions

I already had basic knowledge of Chinese history, and this book filled in some of the gaps that I had. I especially enjoyed the section on Buddhism and Daoism. Can't wait to read the rest of the series.

A detailed description of an era not discussed in Chinese history as much as clear dynastic societies. Important to get a clear picture of historical continuity. Would have preferred a more linear approach in terms of timeline.
