Reader's Opinions

This was a great book! It concentrates mostly on the time leading up to the storm and the hours during the storm. Survivors and family members of the victims were interviewed to gain the information for the book. I have read several books on the Great Storm, but this one gave me information I had not heard before. It follows people...

I think that the end was more interesting than the beginning. I didn't think how the author dropped names everywhere. With all the names I couldn't keep up with who said what and who did what. The whole situation was very tragic, but the author portrayed that part very well. I can't give it five stars, or four. I think three is a fair...
