

HOT AIR: MEETING CANADA'S CLIMATE CHANGE CHALLENGE

Here's a clear, believable book for Canadians concerned about our situation — and it offers a solution. It's a brilliant mix. To “Canada's best mind on the environment,” Mark Jaccard, who won the 2006 Donner Prize for an academic book in this area, you add Nic Rivers, a researcher who works with him at Simon Fraser University. Then you add Jeffrey Simpson, the highly respected Globe and Mail columnist,...

Reader's Opinions

Canadians have to realize that they must put a cost on emissions if they want anything to change and be part of the 21st Century economy towards green solutions.
