

COMMON SENSE ON MUTUAL FUNDS

John C. Bogle shares his extensive insights on investing in mutual funds. Since the first edition of "Common Sense on Mutual Funds" was published in 1999, much has changed, and no one is more aware of this than mutual fund pioneer John Bogle. Now, in this completely updated "Second Edition," Bogle returns to take another critical look at the mutual fund industry and help investors navigate their way through the staggering array of investment...

Peek Inside the Book

The mutual fund industry has been built, in a sense, on witchcraft. John C. Bogle, Common Sense on Mutual Funds: New Imperatives for the Intelligent Investor //

The idea that a bell rings to signal when investors should get into or out of the market is simply not credible. After nearly 50 years in this business, I do not know of anybody who has done it successfully and consistently. I don't even know...

Reader's Opinions

This book is a classic for a reason. Bogle, one of the greatest financial figures of the 20th century, gives his recommendations for investing (he recommends Index Funds, like so...

In this book, Jack Bogle makes a pretty compelling argument for investing in low-cost index funds. He discourages the reader from trying to time the markets and gives numerous examples to the ineffectiveness of the approach. This book is perhaps better suited for an experience investor who is interested in learning about more
